June 17th Speaker - Jason Downing

Dr. Jason Downing, Orchid Biologist from the Fairchild Tropical Botanic Garden will speak with us about The Million Orchid Project. This is Fairchild's project to reintroduce Florida's rare & endangered native orchids into South Florida's environments. With the help of thousands of students from local schools, Fairchild has been generating large quantities of these orchid plants from seed. They are now propagating with the goal to reestablish them within South Florida's public landscapes, around schools, on street trees, and in city parks. At its core, The Million Orchid Project is a massive science experiment that allows Fairchild Garden to make important discoveries about how native orchids grow and reproduce. Additionally, the techniques used through The Million Orchid Project may help them develop more general strategies for rescuing rare plants within a highly developed and rapidly changing urban environment

Our April Meeting - Officer Installation Dinner/Bingo

What a great turn out we had for our Installation of Officers for the 2019-2020 year! The evening included an Italian Buffet from Joe's Pizza & Pasta, 50/50 & an Orchid Bingo! It was nice to take a break from lectures & just let loose a little with friends plus enjoy the benefit of having orchids as rewards for Bingo! Thank you Cheryl & Sue for being our official Bingo hostesses & John Budree for our orchid plant prizes!
